6:30 PM–8:15 PM	Dinner and Free Time
8:15 PM–9:45 PM	Evening Class
10:30 PM	Lights Out in Dorms–Quiet Time**

*Morning Birding Walks – Students will be divided into three groups. One of these three groups will go on the birding walk each day. Thus, each student will go once every three days. On days that their group is not scheduled for the birding walk students may sleep late or have free time before breakfast.

**Lights Out – Quiet Time is enforced so that those students who are ready to sleep may do so without being disturbed by other students. It is important to encourage both students and teachers to get a good night's sleep so that they are ready to concentrate during the day. Students and teachers who are not ready to sleep at 10 PM are encouraged to partake in a quiet activity such as: listening to music with headphones, studying quietly, reading, writing letters home, lesson planning, etc.
